Chimera is pleased to introduce 5 NEW accessories optimized for the ARRI Orbiter; Medium & Large Lanterns, Small & Medium Lightbanks and an Octa 4. These Lanterns, Lightbanks and Octa deliver extra versatility from ARRI's Orbiter. All accessories are handcrafted in the USA with Chimera's proprietary textiles to assure long life and durability.

- Dome M is a 20" (508mm) diameter compact lantern, complete with a skirt kit.
- Dome L is a 30" (762mm) diameter lantern, complete with a skirt kit.
- Lightbank S provides a standard Small aperture, 24x32" (610x813mm), includes Full & Half Chimera Cloth screens and accepts other S screens and grids.
- Lightbank M provides a standard Medium aperture, 36x48" (914x1219mm), includes Full & Half Chimera Cloth screens and accepts other M screens and grids.
- Octa 4 gives a 4' (1.3m) octagonal aperture to the Orbiter.

Each Chimera accessory for the Orbiter includes a Quick Lighting Mount (QLM) Speed Ring.

Handcrafted in Colorado, USA, every Chimera product uses proprietary, long lasting, field proven textiles. Chimera is the preferred Brand of professional production lighting rental houses worldwide.

These new accessories are available NOW exclusively from ARRI dealers and distributors worldwide.
